We can supply another 4WD and guide for an additional 1 - 3 passengers but this will cost another \$1185 inc GST regardless of how many additional people attend.

Some of the optional activities have additional charges associated

Can you bring another 4WD vehicle?

Yes, you can have additional people follow our 4WD guide in another 4WD vehicle(s). This becomes a tag-along tour.

But our fee for our vehicle to attend remains the same as our vehicle is travelling the same distance and the guide is performing the same role regardless of passenger numbers. We can supply CB-radios to communicate between vehicles.

Who can attend?

These tours are suited to all age groups. But since they involve a full day of travel and adventure; they are not ideal for babies or those with ongoing medical needs.

If your group elects to undertake swimming or hiking; then suitable fitness for these activities is required.

These tours are available any day of the year (provided our vehicles and guides are available), but the more you can plan and book in advance, the better the chance of locking this into your trip.

Is this a safe activity?
